HAWAII'S GOVERNOR QUILTS

Resignation was Mailed to Mr. Roosevelt at Washington on Wednesday Last.

WILL SEE PRESIDENT PERSONALLY

Gov. Carter's Action is the Culmination of a Long Series of Events—Believes He Can Serve Territory Better Outside Gubernatorial Chair—Speculating on Probable Successor.

Honolulu, June 24.—Gov. Carter mailed his resignation to President Roosevelt on Wednesday. He will leave on June 28, for Washington to discuss the matter of his retirement from the governorship. He has been in cable correspondence with the president regarding it, and has received permission to go to the capital for a personal interview.

Gov. Carter says he had urged President Roosevelt to accept his resignation and appoint a successor. His action, it is declared, was not due to the election of E. M. Brown as high sheriff, but had been under consideration for some time. It was first written on June 6, but was withheld on the advice of friends, who asked him not to send it to Washington.

The resignation was the culmination of a long series of events which led Gov. Carter to the conclusion that he could be of more service to the territory of Hawaii outside the gubernatorial chair than in that position.

Territorial secretary Atkinson arrived Friday from China. He had been regarded as likely to succeed Gov. Carter. This has been found to be impossible, as he is only 34 years of age, while the law requires the governor to be at least 35 years old. Among those mentioned as possible appointees to the office are H. E. Cooper, W. O. Smith, Edward Toney, H. P. Baldwin and Senator Dowsett.

Bank Cashier Surrenders.

Buffalo, June 24.—Fred R. Green, cashier of the Fredonia National bank of Fredonia, N. Y., for the arrest of whom a warrant had been issued, Friday surrendered himself and gave bail for a hearing. The bank was closed by the comptroller of the currency on Monday. The warrant charges Green with being several thousand dollars short in his accounts.

Woodmen Indorse New York Meeting.

Milwaukee, June 24.—The head camp of the Modern Woodmen of America has indorsed the plan for a fraternal congress to be held soon in New York for the purpose of bringing to the attention of the public the advantages of fraternal insurances over old line insurance.

Another Slaughter at Lodz.

Lodz, Russian Poland, June 24.—A bloody collision between soldiers and a crowd of people occurred here Friday. Many people were killed.

THE FRANCO-GERMAN DISPUTE

France's Note on Moroccan Conference Has Been Received in Berlin—Leaves Question in Situ Quo.

Berlin, June 23.—The French note on the Moroccan conference was handed to the foreign office Friday morning. Owing to its great length the note had to be sent by mail to Berlin instead of by telegraph. The foreign office while declining to discuss the points of the note in detail, admits that it leaves the situation where it was before. The points of disagreement between Germany and France have not been removed. It is expected that the negotiations will continue for a long time before a positive result is reached.

Germany's answer to Premier Rouvier has not yet been considered. It will require considerable time in order to meet all the points raised. While the delay might under ordinary circumstances be of advantage in affording time for the excitement to subside German government circles note with some concern that powerful intrigues are going on having for their object war between Germany and France. Germany's intentions remain thoroughly pacific but government circles here apprehend the possibility that these intrigues will result in inflaming the French people against Germany and creating a delicate and complicated situation.

Injunction Against Labor Unions.

San Francisco, June 24.—United States Circuit Judge Morrow has granted the application of Dietrich E. Loewe & Co., of Danbury, Conn., for a temporary injunction against the California state federation of labor and the San Francisco labor council which has been boycotting a local firm of jobbers in the hats manufactured by Loewe. The injunction pendente lite was granted on the ground that the unions had conspired not only to protect themselves but to destroy the property and ruin the business of the plaintiffs.

German Ship Was Present.

Manila, June 24.—An officer of a British steamer advises the Associated Press from Hong Kong that when the Russian auxiliary cruiser Onieper captured the British steamer Oldhamia, the Faerst Bismarck was present, mingling with the vessels of Admiral Rojestvensky's fleet, and later accompanied the prize and its escort in the direction of Vladivostok. The Oldhamia, laden with a cargo of kerosene for Yokkaichi was captured by the Onieper on May 19, but on May 27, was recaptured by Japanese warships and taken to Sascho.

Americans Robbed in St. Petersburg.

St. Petersburg, June 24.—Theodore S. Darling of New York and several other guests at the Hotel de l'Europe have been robbed of their valuables. Mr. Darling lost a diamond necklace and quite a sum of money. Subsequently the necklace was discovered in a pawnshop. With the assistance of the American embassy efforts are now making to recover the stolen property. Considerable mystery surrounds the robbery.

CHECK TO NEGOTIATIONS

Illness of Foreign Minister Lamsdorff Delays Peace Proceedings at Washington.

NO FURTHER MOVE FOR AN ARMISTICE

Japan Unwilling to Discuss Any New Issue Until Appointment of Plenipotentiaries and the Time of Their Meeting Are Definitely Settled—Each Nation Waiting for the Other to Lead.

Washington, June 24.—It is learned through official sources that owing to the illness of Count Lamsdorff, the Russian foreign minister, there has been a slight check to the negotiations affecting Russia and Japan. It is specifically stated, however, that this does imply that there has been any hitch but simply that the negotiations have been unavoidably delayed for the reason given.

St. Petersburg, June 24.—There is not likely to be any further move in the direction of an armistice until the plenipotentiaries are appointed and the time of their meeting definitely fixed. Japan seems unwilling to discuss any new issue until these two questions are settled. This does not necessarily mean that all hope of arranging a suspension of hostilities before the meeting has disappeared but as an indication of Japan's mood it increases the doubt as to whether she could be induced to relinquish temporarily the strategic advantages which she evidently believes she enjoys. Indeed, it might raise the suspicion of sparring for time until Field Marshal Oyama has developed his offensive and is actually in process of delivering his blow when Japan could easily plead that it was too late. The delay in settling the matter of the plenipotentiaries is therefore all the more deplored by those desiring to avoid further bloodshed. Both countries seem perfectly willing to name negotiators but each evidently desires the other to show its hand first.

On account of the Foreign Minister Lamsdorff's illness Ambassador Meyer was unable to have a personal interview with him either Thursday or Friday but it is believed that communications from Washington are passing in writing. It appears that Count Lamsdorff has had a touch of heart trouble and his physician again forbade him to leave his room but promised to allow the minister to go to the chancellery Saturday.

Count Lamsdorff's illness naturally has created much gossip to the effect that he is about to retire and M. Muraviev, Russian ambassador to Rome, and M. Discolsky, minister at Copenhagen, are named as his probable successors but as yet there is no evidence that the rumors have more foundation than those of similar character which preceded them.

There is strong reason for saying that the Russian plenipotentiaries will include a military man of high rank though as yet there is no clue to his identity except that it will not be Gen. Kuropatkin. The downfall of Admiral Alexieff and the suppression of the Far Eastern committee materially increases the likelihood that M. Witte will also represent Russia since he is an inveterate enemy of the "war cabal" which now seems definitely to have fallen under imperial disfavor.

INDICTED FOR FRAUD.

Federal Grand Jury at Ardmore, E. T. Returns True Bills Against Several Officials.

Washington, June 24.—Dispatches received by Secretary Hitchcock from Ardmore announce that the Federal grand jury in session there has indicted several United States officials, Indian officials and others for alleged fraud in connection with the re-issue of school and general fund warrants of the Chickasaws.

Among those indicted are Benjamin Colbert, the United States marshal, Gov. Johnson of the Chickasaw nation, Kirby Pardon, president of the Chickasaw bank in Tishomingo, and the individual members of the firm of Mansfield, McMurray & Cornish. The latter is the law firm which recently received a fee of \$750,000 for its service to the Choctaw and Chickasaw nations.

It was asserted at the Interior department that its investigation showed that warrants had been duplicated to the extent of from \$100,000 to \$200,000. Some of these warrants are held in St. Louis and others in Kansas City.

Spain's New Cabinet.

Madrid, June 24.—King Alfonso Friday approved the new cabinet, as follows: Premier general, Montero Rios; minister of the interior, Senor Garcia Petro; minister of foreign affairs, Senor Sanchez Roman; minister of finance, Senor Uralza; minister of war, Gen. Weyler; minister of marine, Senor Villanueva; minister of agriculture, Senor Romanones; minister of justice, Senor Gonzalez Pena; minister of public instruction, Senor Mellardo.

JEROME WILL INVESTIGATE.

District Attorney of New York to Inquire Into Affairs of Equitable Assurance Society.

ATTORNEY GENERAL TO TAKE ACTION

Proceedings Against the Officers of the Insurance Society to be Brought Just as Soon as It Is Physically Possible—Court's Summer Vacation Suspended at Attorney's Request.

New York, June 24.—The regular summer vacation of the court of general sessions will be suspended this year so that the court may be available if District Attorney Jerome begins prosecution in connection with the affairs of the Equitable Life Assurance society. This action was taken upon the request of District Attorney Jerome.

Mr. Jerome in making his motion to suspend the court's vacation, said he had a letter from Gov. Higgins offering to place the evidence obtained by the superintendent of insurance Hendricks at Mr. Jerome's disposal. Mr. Jerome added: "It is my desire to have that evidence and it is my intention to go through it very thoroughly. I am not in a position to know at this time whether there has been a violation of the law but it is my duty to find out."

"It is unusual for the governor to address a letter such as I have received to the district attorney and it focuses public attention upon me. I have made arrangements with Justice Davy of the criminal branch of the supreme court and he will continue the June term of that court through the summer. The powers of both courts can, if necessary, be invoked. It will take me sometime to learn whether I shall need the assistance of the courts."

Attorney General Julius M. Mayer was at his office Friday engaged in going over the proceedings of the Equitable society. When asked how soon he would begin action against the Equitable officers, Mayer replied: "Action will be taken as soon as it is physically possible and it will not be a matter of weeks but of days only, before we will be ready. Not only have I got to go over the Hendricks report but the testimony which preceded that report and on which the report is based."

He was of an opinion that separate actions would be taken, one for the restitution of funds wrongfully elcted and another for the debarment proceedings against officers of the society. In commenting on this phase of the situation Mr. Mayer said:

"This is a novel action and it is the first time in the history of the state of New York where debarment proceedings against officials of an insurance company will have been taken. Under the insurance law the application of which has never yet been put in practice, the attorney general has power to debar officers of an insurance company who have been found delict in their duty and this debarment not only precludes them from holding position as officers but also debars them from acting as directors not only in the company from which they have been debarred but from any other insurance company doing business within the confines of the state and the attorney general is the one to enforce the action."

August Belmont said Friday that his resignation as a director of the Equitable Life Assurance society was forwarded to Grover Cleveland on June 14. "I have not been notified that any action has been taken on my resignation or letter," he said, "and have not received an acknowledgment of the letter from Mr. Cleveland."

New York, June 24.—Attention was directed to the fact that four of the Equitable officers mentioned in the report of State Superintendent of Insurance Hendricks as drawing salaries for the last five years, are no longer actively connected with the company. E. W. Lambert appears in the report as medical director with a salary of \$25,000 a year. He died thirteen months ago, and yet, according to the table, his salary was paid this year and last. Edward Curtis, who figures as a medical director at \$15,000 a year, resigned that position eighteen months ago. George H. Squire, who is now a director of the company, is down on the list as financial manager at \$12,000 a year, although H. R. Winthrop succeeded Mr. Squire as financial manager many months ago. J. B. Loring is recorded as a registrar with a salary of \$3,500 a year. Mr. Loring ceased to perform the active duties of the registrarship in April, 1903.

Gov. Folk in Kentucky.

Covington, Ky., June 24.—Joseph W. Folk, governor of Missouri, spoke before 514 lawyers of the Kentucky Bar association and a crowd of 2,000 other persons in the Library auditorium, on "The Reign of Law," Thursday night. Mr. Folk was greeted most heartily.

UNCLE LEM is chasing dogs for exercise, as there is nothing doing in the bad men circles.

VOL. 1, No. 1, of the Nevada Enterprise came to our desk today with Editor J. H. White, late of Francis, I. T., at the helm. We wish him well in the biggest and best state in the union, (not the best after statehood, however).

A MAN who was too economical to subscribe for his home paper sent his little boy to borrow the copy taken by his neighbor. In his haste the boy ran over a four dollar stand of bees and in ten minutes looked like a warty summer squash. His cries reached his father, who ran to his assistance, and, failing to notice a barb-wire fence, ran into it, breaking it down, cutting a handful of flesh from his anatomy and ruining a five dollar pair of pants. The old cow took advantage of the gap in the fence and got into the cornfield and killed herself eating green corn. Hearing the racket, the wife ran, upsetting a four gallon churn of rich cream into a basket of kittens drowning the whole flock. In her hurry she dropped a twenty-five dollar set of false teeth. The baby, left alone, crawled through the spilled cream and into the parlor, ruining a twenty dollar carpet. During the excitement the oldest daughter ran away with the hired man, the dog broke up eleven setting hens, and the calves got out and chewed the tails off of four fine shirts.—Path Finder.—Ex. The moral is easily understood: act at once.

THE NEWS is not given to roasting. We once were, but after having a gigantic, green eyed, no pay, widow woman try to pay us a visit with a 45 Colts and a long buggy whip we concluded that roasting people was not a good thing. But if we ever were tempted to forsake this anti-ironclastic spirit it is when a fellow gets mad and "quits" a newspaper because that paper failed to mention his wife's or his children's going out of town for a few days' visit. It does not pay a newspaper to wilfully neglect this part of its duty—besides it is our desire to please everybody and give the news without fear or favor. The man who permits such a little thing to wound his feelings ought either to quit such foolishness or move to a town or country where newspapers are not found. What do you expect of a reporter, anyway? He is not gifted with a hundred eyes, like old Argus himself. He is only an ordinary fellow with only two eyes and two "pedestals." He cannot meet the north and south bound Frisco and the Katy on the side when they all blow in at the same time. Think about this bad plan of getting sore because you or your folks' names are not mentioned every time you or they poke your heads out of the incorporate limits of the town. If these folks were half so good about phoning in news items as they are about raising Cain because of no mention about themselves, the News would be a better paper and the city editor a happier man.

BEN COLBERT INDICTED

As Well as Governor Johnston and His Attorneys.

Washington, June 24—Word came to Washington Friday of an Indian Territory upheaval and a grave scandal which promises further startling revelations. A message to Secretary Hitchcock states that the personal friend of President Roosevelt and his comrade in the Rough Riders, Ben Colbert, United States marshal, has been indicted by the federal grand jury at Ardmore. Messrs. Mansfield, McMurray & Cornish, members of the law firm which within the year gained no little notoriety through successfully collecting a fee of \$750,000 for legal services rendered to the Indians, were also indicted, according to the dispatch which has been received by Secretary Hitchcock, as well as Governor Johnston, of the Chickasaw nation and Kirby Purdom, absconding president of the Chickasaw bank at Tishomingo, and W. T. Ward, formerly auditor of the Chickasaw nation, now deputy United States clerk at Tishomingo.

United States Inspector Jenkins has been working on the case for several weeks and with Colonel Mosby, an attorney who is connected with the department of justice at Washington, has succeeded in working up the investigation. It is reliably learned that Colonel Mosby has recommended the removal of Marshal Colbert. Mr. Colbert has given the department considerable trouble since his appointment to this office, and it is generally believed that he will be removed. It is said that T. N. Robnett, C. D. Wortham, and Assistant District Attorney C. O. Bunn, all of Ardmore, are aspirants to this office in event of Colbert's removal. District Attorney Johnson and Col. Mosby are said to have recommended the appointment of Bunn in event Colbert is removed.

Charged With Bootlegging.

While on his way to Stonewall this morning Deputy U. S. Marshal Cummings happened to meet in the road one W. L. Green, who was wanted upon a charge of bootlegging. The officer promptly returned to Ada with his prisoner, landed him in jail then boarded the train for Stonewall, where he was looking after official business this afternoon.

Postoffice Robbery Charged.

Madill, I. T., June 24—Carl McGhee and Bob Moore, two young men living in the Weaver neighborhood, were arrested Thursday by United States Marshal Evans, on the charge of robbing the Weaver postoffice on the night of May 31.

Picnic at Stonewall.

The Masonic picnic at Stonewall, like all picnics ever in that community was a great success. Likely, nearly two thousand people were present. There was a public installation of officers of the Stonewall Masonic lodge, Judge Furman, Past Grand Masonic Master of the territory, officiating. There was a most sumptuous dinner spread on the ground and certainly there was more than enough for everyone. After dinner Judge Furman delivered a great Masonic speech, which was awarded the closest attention not only by Masons, but by hundreds of others, who are friends of the great order and admirers of Mr. Furman. The Lehigh Brass band furnished music. The entire day appeared to be greatly enjoyed by all present.

Twins.

When asked to write a short composition on some interesting experience, Johnny, after much labor, handed his teacher the following: Twins is a baby only it is double. It usually arrives about 4:37 in the morning, when a fellow is getting in his best licks sleeping. Twins is accompanied by excitement and a doctor. When twins do anything wrong their mother can't tell which one to lick so she gives it to both of 'em to make sure. We've got twins at our house and I'd swap 'em enny day for a Billy goat.

T., June 24.—The Indian agent has received an order from Secretary Hitchcock to disbar from practice before all divisions of the interior department in the Indian Territory all lawyers who refuse to pay their tribal tax. There are 500 in the Creek nation, but twelve have paid. The agent has issued orders to all clerks to give out no information to lawyers who have not paid. This order applies to the Dawes commission and the land offices also.

Francis Happenings.

Mrs. Bolen returned from a few days visit to Allen Friday.

Mrs. Dr. Thredkelt, of Allen, visited our town Friday and was the guest of Mrs. Bolen.

Elder J. G. Brown, of Earlboro, O. T. is in our town and will begin a series of sermons Saturday night. All are invited to hear him.

Officer Skinner succeeded in running in a miscreant of an unknown "type," found Friday evening, in a drunken stupor, and in somewhat nude condition, near the depot. He was remanded to the city prison in default of payment of fine, by Mayor McCool Saturday morning.

J. T. Higgins, of Ada, is preparing to open a stock of dry goods in Francis: He will occupy the Barnard building on the South side of Main street. We welcome Mr. Higgins to our town and hope other enterprising merchants and business men will follow his example, and locate in a town that affords some opportunities for the exercises of their energies.

The quietude of our town was broken at a late hour Friday night by the yells and screams of several boys, whom we learned next morning, were being put in the "lock up" by Marshal Skinner for drunken and disorderly conduct. There seems to be some facts underlying the affair that we are unable to get at this time. But we have learned that there are two of the reckless fellows at present in the "cooler" as a result.—Later, "Bank" Oliver has plead guilty and was fined \$9.00. Pretty costly play, boys.

DRANK PRESIDENT'S HEALTH.

Emperor William Entertained Visiting Yachtsmen on Board the Hohenzollern—Delighted With Success of Race.

Kiel, Germany, June 24.—Emperor William at the conclusion of the dinner which he gave on board the imperial yacht Hohenzollern to the yachtsmen who had taken part in the trans-Atlantic race, arose and said that as there were more Americans present than persons of any other nationality he would, with the consent of Lord Brassey who was one of the guests, propose the health of the president of the United States.

Privately the emperor said he was delighted with the success of the race which had attracted more entries and had turned out to be more interesting than he expected. He also added that he felt indebted to Allison V. Armour and C. L. F. Robinson, the American members of the committee, and the Americans had occasion to say that Commander H. G. Hebbinghaus had handled the questions connected with the race with much tact and judgment.

The cup won by the Atlantic is of massive silver one meter high and was designed by the emperor himself.

Among those present were Allison V. Armour, owner of the Utowana; George Lauder, Jr., owner of the Endymion; Lord Brassey, owner of the Sunbeam; Ambassador Tower and Admiral von Tirpitz, secretary of the admiralty.

PREPARING FOR INQUEST.

Coroners of Cleveland and Lake County to Investigate Deaths of Wreck Victims—Injured Improving.

Cleveland, June 24.—A marked improvement was reported Friday in the condition of Rudolph Cordua of Brooklyn, N. Y., and Miriam A. A. Gorman, the only victims of the Mentor accident who remain in Cleveland hospitals. It is believed that both men will recover.

Coroner Siegelstein of this county will go to Mentor to examine into the cause of the disaster. He will hold an inquest in connection with all of the victims who died in Cleveland. The coroner of Lake county, in which Mentor is located, will take charge of the inquest over those who died at the scene of the disaster. It is expected that both hearings will commence next Monday.

A bag containing jewels valued at \$12,000, the property of S. C. Beckwith of New York, supposed to have been stolen from the wrecked train at Mentor, was found Friday. It had been picked up in the wreckage and brought to the Lake Shore claim agent's office in Cleveland. Before the whereabouts of the jewels was known a search had been started for them on behalf of Mrs. Beckwith. Mr. Beckwith died soon after being removed from the wreck.

OSCAR WILL NOT ABDICATE.

No Foundation for the Report that the Swedish King Would Resign in Favor of His Son.

Stockholm, Sweden, June 24.—There is no foundation for the rumors circulating at Copenhagen and elsewhere of the probability of King Oscar abdicating in favor of the crown prince in consequence of the dissatisfaction of some of the factions with the government's pacific attitude in the crisis. No developments of importance are expected before June 27 when the debate will take place in the riksdag and the special joint committee of the chambers will be appointed to report on the government's proposal for a settlement of the questions growing out of the disruption of the union.

Was Not a Passenger.

ALEXIEFF'S RETIREMENT.

Announcement Bears Earmarks of Imperial Disfavor—Meets With Favor of Liberal Press.

St. Petersburg, June 24.—The vice-royalty of the far east having been abolished by the imperial ukase of June 21 Admiral Alexieff has been appointed a member of the council of the empire and will continue to hold his position as aide-de-camp general to the emperor. The minister of the interior has prohibited the publication of the Russ for a month.

The announcement of Admiral Alexieff's retirement was not accompanied by the usual rescript of praise and it bears all the ear-marks of imperial disfavor. The retirement of Grand Duke Alexis as high admiral and of Alexieff as viceroys of the Far East and the suppression of the Far Eastern committee in quick succession is the best evidence that Japan could need that the emperor has washed his hands of the whole Manchurian adventure. The liberal press greets the demise of the Far Eastern committee with a howl of exultation as being the final blow to the policy which led to the present war.

The Slovo, M. Witte's organ, traces the origin of the war to the late Interior Minister von Plehve and concludes:

"The black page which preceded the bloody pages of the book of our Far Eastern affairs has at last been torn out by the emperor and all Russia will rejoice."

A story is current in the city that the day before Grand Duke Alexis resigned the post of high admiral he received a formal warning from the terrorists informing him that unless he retired within 24 hours sentence on him would be passed and executed.

FATAL TROLLEY COLLISION

Poughkeepsie Excursionists Injured in an Accident While Returning to Their Homes.

Poughkeepsie, N. Y., June 24.—Mrs. Lillian Moore of this city whose skull was fractured when two cars filled with excursionists crashed together at Fishkill landing early Friday died several hours after the accident without regaining consciousness. None of the 20 others who were injured in the crash is thought to be fatally hurt. All the injured have been brought to this city by steamer. The accident happened half an hour after midnight. Both cars were crowded with Poughkeepsie people members of a moonlight excursion party, who were returning from Mount Beacon to their steamboat at Fishkill landing. The brakes of one of the cars was out of order, and the motorman attempted to let the car down the hill by using the reverse current. He had covered only a short distance when the trolley slipped from the wire, the current was interrupted and the car coasted down into another one ahead.

TO RAID BETTING RING.

Attorney General of Missouri Issues Instructions for Enforcing the Law at St. Louis Race Track.

St. Louis, June 24.—Attorney General Hadley of Missouri stated Friday that he had given instructions to Assistant Attorney General Kennish, assigned to assist the prosecuting attorney of St. Louis county in the suppression of alleged violations of the anti-betting law at the Delmar race track, to strongly advise Sheriff Herpel to raid the betting ring at Delmar at once and continue raiding until it closes and stays closed. "This is a police regulation," said the attorney general, "and it is not necessary to wait for information to be issued. That is the way to close a pool room and stop race track betting. It can be done very easily. Bookmakers will be put out of business if they are relieved of their cash and paraphernalia persistently."

Lake Steamers Sunk.

Detroit, June 24.—The wooden steamers City of Rome and Linden collided early Friday in the St. Clair river opposite Tashmoo park and both were sunk. Two members of the crew of the Linden, the cook and his wife, were drowned. The other members of both crews escaped in safety from the sinking boats.
